

Education Programs, Workshops, Meetings, Presentations

Rainbow Familiestm provides an array of programs for our community throughout each year. Often, we bring in presenters/speakers to help inform, educate, and/or inspire. They offer their own lived and professional experiences and are speaking independently. Their opinions, beliefs or recommendations may not represent the views of Rainbow Familiestm.

Before acting on any advice, recommendation or guidance received, you should always speak with your own trusted professional or service provider.

Attending these programs signals your acknowledgement and acceptance.

As a 501c3, Rainbow Families is non-partisan and does not endorse any political candidate or campaign. If you have questions on this, please call 202-747-0407 or email info@rainbowfamilies.org
